I want a little sugar in my bowl  
I want a little sweetness in my soul  
what's the matter woman,  
come on, save my soul  
I want some sugar in my bowl

# Mosquito

a hovering mosquito  
in the quiet night  
no vision I just listen  
to the silence of the bite

I try to speak your language  
to understand your voice  
I'd be pure and open to you  
if I had a choice
